SKILLS

- **Languages:** Python, Java, C++
- **Technologies:** RestAPI, FastAPI, NumPy, Pandas
- **Databases/Tools:** MySQL, PostgreSQL, Git, GitHub
- **Soft-Skills:** Problem Solving, Adaptive, Team Collaboration

PROJECTS

Coding Problem Tracker (CoProT) | [GitHub](#)

Jun 2026 - Present

- Built a full-stack coding practice platform enabling users to manage programming problems, track progress, and organize their problem-solving journey in a centralized platform.
- Developed RESTful APIs using FastAPI for user and problem management, supporting CRUD operations and structured backend communication.
- Implemented a multi-user architecture with user-specific data handling, ensuring problems and learning progress remain associated with individual users.
- Designed a scalable backend architecture using MySQL for structured data persistence and environment-based configuration for secure application management.
- **Tech Stack:** Python, FastAPI, MySQL, PyMySQL, REST API

CERTIFICATES

- Microsoft Azure AI Essentials | [LinkedIn](#) Jun 2026
- SQL (intermediate) | [HackerRank](#) May 2026
- Python | [HackerRank](#) Mar 2026
- Data and AI Fastrack | [Snowflake](#) Feb 2026
- AI Foundations Associate | [Oracle](#) Oct 2025

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology – Artificial Intelligence & Data Engineering; **CGPA: 9.03** Aug 2025 - Present
- **Swami Sant Dass Public School** Phagwara, Punjab
Higher Secondary Education; **Percentage: 74%** Apr 2024 – Apr 2025
- **Shri Mahavir Jain Model High School** Phagwara, Punjab
Secondary Education; **Percentage: 74.46%** Apr 2023 – Mar 2024
